OUR RESPONSE DURING THE PANDEMIC

School-Age Child Care

53 students participated in this specially-created program designed to accommodate families when schools were closed. Children engaged in their school's remote learning plan – along with other educational and recreational activities – while parents went to work.

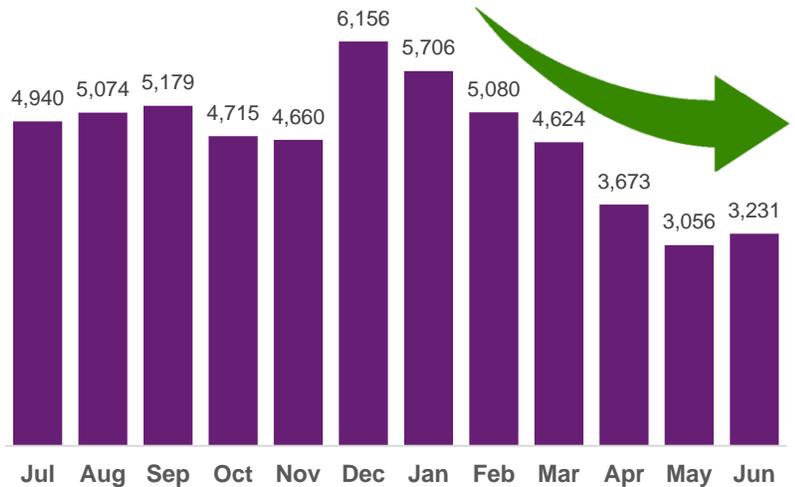

Campus-Based Education & Behavioral Health

482 students attended education and day treatment programs on our campus. Following strict CDC guidelines, students and staff safely navigated the classrooms, gymnasiums, and outdoor spaces on our campuses.

Mental & Behavioral Health

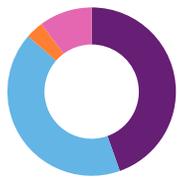

37% of services delivered via telehealth in 2020-2021. As CDC restrictions relaxed and schools re-opened, more services were provided in the home, at school, and in our offices.

Got-Special KIDS

2,034 orders of affordable therapeutic products that build skills, boost confidence, and inspire the imagination were shipped to customers – on time – to more than 48 countries!

POVERTY

Live At or Below Poverty Level 79%

88%

of children experienced one or more trauma in their life

- 48% had a family member who was depressed or mentally ill for a long time.
- 44% had a family member or someone very close to them who died unexpectedly.
- 43% were completely separated from their parent(s) for a long time; in foster care, living far apart, or never seeing the parent again.
- 42% had a family member who was put in jail, or prison, or taken away by the police.
- 44% were threatened or harassed by a bully (someone outside of his/her family).

OUR IMPACT

91%

Children in our Early Development and School Readiness programs improved their social emotional scores on the Ages & Stages Questionnaire®.

1.2

Our students advanced 1.2 grade levels in math and 1.2 grade levels in reading in one academic year, as measured by Star Math® and Star Reading®.

86%

Young people in our CoStars preschool program demonstrated progress in cognitive and language skills, as measured by the Galileo® Pre-K.

90%

26 of 29 Seniors earned the credits necessary for graduation.

71%

Behavioral health and education clients significantly improved their behaviors, as measured by the Strength & Difficulties Questionnaire®.

94%

Parents would recommend our programs to friends and family.

OUR PARTNERSHIPS

Without our school and community partners we could not achieve our mission of creating lasting results that strengthen families and our community by guiding individuals – from infancy to independence – through comprehensive education, behavioral, and health services.

OUR LASTING RESULTS

It is well documented that our clients make significant improvement when they are with us. Our 12-month longitudinal study shows that not only do they sustain those gains, they continue to improve.

66%

of children had fewer difficulties in their life 12 months after completing services; and the difficulties had less of an impact on their daily living

92% in school, in job training, or employed

86% Making passing grades in school

97% staying out of trouble with the law
