About Us

We provide immediate crisis counseling which can include deescalation, assessment, psycho-education, behavioral counseling, and safety planning for you and your child. Our goal is to reduce parent and child stress, assist in planning for safety and establish next steps for ongoing care.

“

I appreciate the time that was put into helping not only my son but me as well.

Thank you!

We Can Help

If your child is experiencing:

- Significant change in mood/behavior
- Recent loss or grief
- Recent trauma
- Self-injury/cutting
- Emotional volatility
- Thoughts of death or the desire to die
- Family distress

If your child has a specific plan to end their life or there is an immediate safety concern, please go to your local emergency room or call 911.
